RAGNIFY Enterprise IT Security, RBAC & Employee Privacy Policy (2026)

Security Classification: COMPANY_INTERNAL | Authorized Roles: EMPLOYEE,MANAGER,HR,ADMIN

RAGNIFY Enterprise IT Security & Data Privacy Policy 2026 — Section 1: Individual Employee Privacy Law.

• Strict Personal Data Isolation: Every employee and intern has an isolated privacy boundary. Personal compensation (salary/stipend), bank account numbers, PAN/Aadhaar KYC documents, individual task queues, attendance logs, and performance evaluations are strictly private to that individual.

• Cross-Employee Query Prohibition: No employee or intern is permitted to view, download, or query another colleague's salary, private documents, attendance, or tasks via the UI or AI Assistants.

• Authentic Document Mandate: Only original, candidate-uploaded KYC and academic documents are stored in the HR repository ('uploads/documents/'). Synthetic or unverified placeholder files are strictly prohibited.

RAGNIFY Enterprise IT Security & Data Privacy Policy 2026 — Section 2: Role-Based Access Control (RBAC) Matrix.

• Tier 1 (INTERN): Access only to Intern Handbook, Engineering Coding Guide, and own personal internship records. Zero access to internal company policies or employee data.

• Tier 2 (EMPLOYEE): Access to Company Employee Handbook, Leave Policy, IT Security Guidelines, and own personal employment records. Zero access to Manager Playbooks, HR Compensation Grids, or other employees' private records.

• Tier 3 (MANAGER): Access to Company Policies + Manager Leadership & Appraisal Playbook + assigned team's tasks & workload.

• Tier 4 (HR & ADMIN): Full governance access across onboarding, document verification, offer letters, certificates, and HR Compensation Grids.
