RAGNIFY Engineering Manager Leadership, Workload & Appraisal Playbook (202

Security Classification: MANAGER_RESTRICTED | Authorized Roles: MANAGER,HR,ADMIN

RAGNIFY Manager Leadership & Appraisal Playbook 2026 [CONFIDENTIAL — MANAGER, HR & ADMIN ONLY] — Section 1: Team Workload Review & Task Governance.

• Workload Balancing Thresholds:

- Optimal Load: 3 to 5 active sprint tasks with ≥65% completion velocity.
- High Load (Overallocated): >5 active tasks or multiple high-priority blockers; requires immediate task redistribution.
- Underutilized: ≤2 active tasks; eligible for new backlog assignment.

• Task Lifecycle Controls: Managers can create tasks, edit task titles/priorities/deadlines, or delete/cancel obsolete tasks. Task completion progress is driven strictly by employee/intern task completion.

RAGNIFY Manager Leadership & Appraisal Playbook 2026 [CONFIDENTIAL — MANAGER, HR & ADMIN ONLY] — Section 2: Performance Appraisal Ratings, Merit Bonus Pool & PIP Protocol.

• Annual Performance Rating Scale (1 to 5):

- Rating 5 (Exceptional): 18%–22% annual performance bonus + fast-track promotion eligibility.
- Rating 4 (Exceeds Expectations): 12%–16% annual performance bonus.
- Rating 3 (Meets Expectations): 8%–10% standard bonus.
- Rating 1–2 (Needs Improvement): Placed on a structured 45-day Performance Improvement Plan (PIP) with weekly manager check-ins before any HR escalation.

• Department Budget Allocation: Engineering Managers hold a quarterly discretionary team tooling & recognition budget of ■1,50,000 per squad.
